Minutes of the New York State Board of Elections  
December 15, 2009

The meeting of the Board of Canvassers of the New York State Board of Elections was convened at the offices of the New York State Board of Elections, 40 Steuben Street, Albany, New York in the 4th Floor Conference Room and was called to order at 12:05 p.m. The meeting was chaired by Commissioner James Walsh. Commissioners present were Douglas Kellner, Evelyn Aquila and Gregory Peterson.

• The Board of Canvassers considered a motion to approve the Certification of election results for the November 3, 2009 General Election for New York State Supreme Court Justices and the Special Election for the 23rd Congressional District. The motion was approved unanimously (Commissioners Walsh, Kellner, Aquila and Peterson voting in the affirmative; 4 Yes and 0 No).

Commissioner Kellner commented on what has been written concerning the canvass of the results of the 23rd Congressional District. The first was the misunderstanding that votes changed during the canvass process. Election night returns are unofficial and in general do not come from the election officials. The second was the confusion that arose over an issue that was discovered in the pre-election testing of the new voting machines which was inaccurately described as a virus. The problem was a source code problem. The vendor immediately took care of the issue.

The meeting of the Commissioners of the New York State Board of Elections held at the offices of the New York State Board of Elections, 40 Steuben Street, Albany, New York in the 4th Floor Conference Room and was called to order at 12:20 p.m. The meeting was chaired by Commissioner James Walsh. Commissioners present were Douglas Kellner, Evelyn Aquila and Gregory Peterson.
