

Section 6211.6 of 9 NYCRR is amended to read as follows:

(a) During the early voting period, the voting history record for each voter shall be continually updated to reflect that a voter has voted early. A record indicating a voter has voted during the early voting period shall be available to poll workers at every early voting site at which a voter is eligible to vote in near real time. In such instance where a voter is only eligible to vote at one early voting site, the single poll book at such site for such voter may serve as the continually updated record of voter history throughout the early voting period.

(b) By Election Day, the voting history record of each voter who has cast a ballot during the early voting period shall be entered into the voter registration system of the board of elections. Such voting history shall be included in the voter registration poll record that is used on Election Day to determine the eligibility of voters. Such Election Day record must differentiate voters who voted early from those who appeared to vote on the day of election.

(c) Any voter who the board of elections has identified as having voted during the early voting period shall not be eligible to vote on Election Day, except such voter shall be entitled to complete an affidavit ballot if such voter claims not to have voted early. Such affidavit shall be marked as such.

(d) No later than the **[seventh] third** day after an an [primary or special election or the tenth day after the general] election, the voting history record of each voter who has signed a poll record and thus cast a ballot on such election day shall be entered into the voter registration system of the board of elections, and the voter history for such election day voters **[and]**, early voters **and all voters with a notation pursuant to Election Law § 9-209 (1) (d) that indicates that the voter has voted in such election** shall be uploaded to the statewide voter registration list.

(e) Not later than the **[seventh] third** day after an **[primary or special election or the tenth day after a general]** election, by five o'clock p.m. on such day, the board of elections shall prepare a list, including data elements prescribed by the board of elections and in the format specified by the state board of elections, of all persons who submitted an affidavit ballot. Such list shall be provided to the state board of elections, and the state board of elections shall provide a

combined list of all affidavit ballots submitted statewide to the boards of elections.

(f) No later than seven businesses days after the completion of the canvass, the voting history record of each voter who has cast an absentee, military, special or federal ballot on Election Day or who has cast an affidavit ballot during early voting or on Election Day **for whom such information was not already entered** shall be entered into the voter registration system of the board of elections and the statewide voter registration list.

(g) Boards of elections shall provide information regarding voter registration records or voting records in their custody to other boards of elections, upon request, as soon as reasonably practicable.

(h) The board of elections, as required by Election Law § 8-600 (1), shall establish procedures to ensure that persons who vote during early voting shall not be permitted to vote subsequently in the same election. Such procedures shall remain in effect until amended by the board of elections and shall be filed with the state board of elections on or before the sixtieth day preceding the first day of the early voting period. Such procedures shall be approved or rejected by the co-executive directors of the state board of elections within two weeks of filing. If such procedures are rejected, notice shall be provided to the board of elections of the reasons therefor. The board of elections shall then have three business days to amend their procedures and resubmit the same to the state board of elections for approval.

(i) Boards of elections shall provide to the state board, in the manner specified by the state board, the number of voters who vote early on each day of early voting by the next business day after such day of early voting.
