As a condition of submitting our application we affirm the following:

Precise Voting affirms the (4) following statements:

- (1)...The submitted voting system conforms with all applicable rules adopted by the State board, and with all applicable 2005 Federal Voting System Guideline not inconsistent with the state law or these regulations, and is suitable for use by the voters.
- (2)...That Precise will quote and provide a statewide, uniform price for each unit of the voting system's equipment.
- (3)...The submitted voting system's software does not contain any code, procedures or other material (including but not limited to "viruses", "worms", "time bombs", and "drop dead" devices that may cause the voting system to cease functioning at a future time), which may disable, damage, disarm or otherwise affect the proper operation of the voting system, any hardware, or any computer system or other property of the State board or County Board of Elections.
- (4)...Our submitted voting system provides methods through security seals or device locks to physically secure against attempts to interfere with correct system operation. Such physical security shall guard access to machine panels, doors, switches, slots, ports, peripheral devices, ~~firmware and software.~~
