WHEREAS, Part XX of Chapter 55 of the New York Laws of 2019 authorizes the use of Electronic Poll Book Systems (EPBS) in New York State during elections; and

WHEREAS, said chapter law provides that the State Board of Elections "shall promulgate minimum security standards" for EPBSs being used in New York State; and

WHEREAS, said chapter law provides that the State Board shall "promulgate a list of devices that are approved for use" as EPBSs during elections; and

WHEREAS, multiple vendors have submitted system modifications to be considered for approval as EPBS configurations for use in New York State; and

WHEREAS, the Election Operations Unit is tasked with evaluating the systems to ensure they meet security standards and other relevant standards; and

WHEREAS, the Election Operations Unit has conducted an evaluation of said systems, and has provided summary reports for the consideration of the Board; and

WHEREAS, vulnerability scanning was performed on the systems submitted, to the extent practicable, by staff of the State Board’s Secure Election Center (SEC), and reports of their findings have been provided for the consideration of the Board; and

WHEREAS, having considered the reports and the results of evaluation conducted by the Election Operations Unit, we do hereby recommend the approval of system configurations submitted by the following vendors for use;
NOW THEREFORE BE IT RESOLVED that the Commissioners of the New York State Board of Elections, at their meeting convened on September 12, 2022, do hereby approve the EPBS aforementioned configurations submitted by the vendors above. Such approval is based on the specific EPBS hardware and software submitted by each vendor and reviewed by the State Board of Elections. Should the vendor make, or plan to make, any modifications or alterations to the EPBS configuration approved, such modifications or alterations shall be reviewed by the State Board of Elections for approval, consistent with all change management procedures and the use of such systems shall comply with all related State Board procedures and requirements.

BE IT FURTHER RESOLVED that counties utilizing one of the two vendor systems described above may opt to either upgrade their equipment to one of the configurations approved in this resolution for use at the November 8, 2022 General Election or continue to use the most recently approved configuration for each system. Any county opting for the latter option must complete the upgrade of their equipment to the newly certified configuration before being used in a subsequent election.
